# Product Change Notice

## RE: Standard Product Label format change on Altech Corporation products

Dear Valued Altech Corporation Customer,

This PCN is being issued to notify customers that in order to standardize our label format, Altech Corporation is in the process of changing from the old label format to a new 3 x 3 in. size ECIA compliant and California proposition P65 compatible product labeling.

### Description of change:

The appearance of the product label will change but all the information from the old label is still available with additional information added. The new product label size is 3 x 3 inches except where the information is printed directly on the product packaging. Please see samples below.

### Impact of change:

The new label is compliant with ECIA 1D and 2D barcoding requirements.  
The new label is marked with requirements set by California Proposition P65 warnings.

### Scope of change:

All Altech products are included into the scope of this PCN.

### Effective date of Implementation:

This change is expected to be fully implemented by July 1<sup>st</sup>, 2019. All products manufactured or received by Altech Corporation after this date will be labeled or marked with the new label and information.
