# Product Change Notice

**RE: Appearance change for some Mushroom Actuators**

Dear Valued Altech Customer,  
The purpose of this notice is to inform you on changes with the Altech Push Button product line.

**Description of change:**

The appearance of the Mushroom actuators has been changed. No other features or specifications have been changed. The function and performance of the actuator has not been altered.

**Impact of change:**

The new mushroom actuators look more modern and sleek as compared to our earlier design. We have used new permanent paint to create markings on the actuators. This helps in standardizing and thus making the product easily available.

**Reason for change:**

Updating designs for our actuators to give a new look and feel.

**Scope of change:**

22.5 series Mushroom actuators:

Metallic Series  
2AMLT type  
2AMLKBT type  
2AMLKB type

Plastic Series  
P2AMLT type  
P2AMLKBT type  
P2AMLKB type

**Effective date of Implementation:**

Production is expected to start at 1st of April 2018. Both designs will be available for a short transition period. After April 2018 only new design will be available to ship.

Thank you for your understanding, if you have any questions or concerns please contact our Customer service department or me directly.
