While others offer
a multipart solution ...

**... only Altech offers the
CBI All-In-One solution.**

Altech's CBI combines the requirements for several applications in just one device. It can be used as a power supply unit, battery charger, battery care module or backup module. The available power is automatically distributed among load and battery.

With universal input voltages, a large variety of output voltages and power options - the Altech CBI All-In-One is just what you need for your DC-Backup.
